

MANOR HILL

# Manor Hill House catering offers modern cuisine of exceptional quality

Our menus are designed to create a fine food dining experience, whilst offering a wide range of choices to suit every palate.

Working with the best quality ingredients, we use local suppliers and seasonal produce wherever possible. The food is served with a modern twist and offers outstanding value.

Our chefs pride themselves on working closely with you and the events team to craft the perfect menu that will make your event memorable.

**Our policy is that we cater for 100% of guests.**

We love inviting couples in to plan their menus, usually 6-9 months ahead of their wedding day. They meet our chef, try some delicious canapés and begin the exciting process of planning their bespoke food.

This is a great time to let the chef know about your favourite dishes, different ideas and personalise your menu.

Remember - the dishes for your day do not need to come from our menus, so please be creative and have fun.

Happy dining!

The Manor Hill House Catering Team

## Dietary Requirements

Eating away from home is perhaps the biggest challenge facing people with special dietary requirements. We can also cater for intolerances and allergies.

When you make us aware of these we will ensure that all menus are tailored to suit your entire party. We source our ingredients locally and can accommodate halal and Hindu diets too.

**“The food was amazing as well and chef was able to cater for our guests needs with no problem, and our guests have all said what a great time they had, which is amazing! Thank you so much, we couldn't recommend you guys enough!”**
